Founded in 1868 – Accredited by the Florida Catholic Conference

---

To Whom it Concerns:

This letter is written in support of The Autism Society of the Keys. As the principal of The Basilica School, I have witnessed the value of The Autism Society of the Keys.

We began a partnership with The Autism Society of the Keys approximately five years ago after the parent of a student made me aware of the organization. Upon seeing their efforts serving the community we offered our facilities to The Autism Society of the Keys.

Each month The Autism Society of the Keys holds meeting in our library. The meetings have proven beneficial to our staff, our students, their families and the community at large.

Being the only locally based organization advocating for those effected by autism, the aid provided by The Autism Society of the Keys is far reaching. It comes in the form of education, sensory equipment, electronic communication devices, school supplies, swimming lessons and financial assistance for screenings and therapy.

The Basilica School is proud to be one of Autism Society of the Keys' partners and looks forward to serving our autism community together.

Sincerely,

Robert Wright, M.S.Ed.  
Principal
