To whom it may concern;

I am writing this letter to any organizations that may be considering supporting ASK - Autism Society of the Keys. The Marathon Rotary Club has had a close relationship with their founder Jill Campbell for many years. She has been an active member, volunteer and contributor to our efforts as a club. Through her advocacy we have learned about autism and the needs of families in our community. Jill was personally honored for her work in our community in 2019 with our "Rotarian of the Year" award. Additionally, the club has both volunteered and financially contributed as a major sponsor for many of ASK's annual charity awareness events. We are confident that any contribution you make to ASK will be used with the utmost discretion and care. Please do not hesitate to contact me should you have any further questions.

A large, stylized handwritten signature in black ink, appearing to read "Duane Webster".
