To Whom It May Concern

I am writing in support of all activities of the Autism Society of the Florida Keys also known as ASK. Crane Point Hammock is proud to support this organization in anyway possible. At the currant time Crane Point has volunteers with Autism which has served us well.

We know Jill Campbell the President and Founder personally and applaud her efforts to create this organization in the Florida Keys. The service this organization preforms is priceless. Jill is active in the community, she volunteers her services, very organized as well as very well respected through out the Keys. She works with schools, law enforcement, churches, and municipalities through the Keys.

Since Crane Point is a 501 C3 non-profit which make is difficult for us to donate funds. We support this cause with volunteer opportunities and job training with our education programs.

Any support that can be given to the Autism Society of Florida Keys would be funds well spent. She is well connected to the community, well versed in the needs of Autism families and willing to work hard to make life better for those in need of a hand up not a handout.

If I can be of further assistance, please feel free to contact me any time I have attached my cell number which is the best number to reach me.

Respectfully,

A handwritten signature in blue ink that reads "Charlotte Quinn".
