To Whom It May Concern:

I would like to extend my support to the Autism Society of the Keys (ASK). I have worked with Jill Campbell and ASK in several capacities and have found this program to be an invaluable resource in our community. As a psychotherapist, I have had several occasions to refer clients and their families to ASK for support groups, assistance in obtaining resources and finding innovative ways to cope with the diagnosis of autism. Their reach throughout the county is extraordinary.

I am also the president of Presents in Paradise (PIP), a non-profit organization providing holiday gifts to low income and working families. ASK helps us to identify families in need, obtain individualized wish lists and provides volunteer services – especially during the holiday season when it is most critical to us. We have maintained a strong working relationship with ASK for many years and look forward to our continued relationship. We believe that when we combine our efforts, it strengthens both programs and allows for more comprehensive and inclusive services.

If you would like to further discuss our support of Autism Society of the Keys, please do not hesitate to contact me. Thank you for your consideration.

Sarah H. Brawer, M.A.
