

To who it may concern;

I would like to take few words to describe how amazing and incredibly helpful Autism Society of the Keys and Jill Campbell has been in the community of autism.

She is dedicated and selfless. I know Jill for 2 years and she possesses ultimate “can do attitude” especially when comes to helping anyone in need.

ASK and her both demonstrate commitment to our community.

Jill carrying and you can always count on her! She is an exceptional and passionate person.

We are very grateful.
