TO WHOM IT MAY CONCERN:

I am writing today to express my appreciation to Jill Campbell and Autism Society of the Keys (ASK) group for all the support that they have provided to me and my family during our Autism recovery journey with our daughter. My family and I have been part of the ASK for a little over 2 years now From the time I've first met Jill she has been nothing but helpful, supportive and understanding.

I cant express enough how much our monthly meetings mean to our family. At the meetings we get to talk to parents who also have children with Autism and be able to talk to someone who understands.

Besides emotional support ASK organization helps to find a right therapy providers such as ABA therapist, speech and others. And also helps to pay for some of therapies as well. Its definitely has been a struggle during pandemic but Jill has been a tremendous help and support.

I cant be thankful enough to have them in our lives

Sincerely, Anastasia James
